Re: 2009 Bioaccumulation Tissue Chemistry Data for the Lower Passaic River Study Area.

Dear Dr. Law:

The U.S. Environmental Protection Agency (EPA) has reviewed the Lower Passaic River Restoration Project, Lower Passaic River Study Area RI/FS, 2009 bioaccumulation tissue chemistry data for the Lower Passaic River Study Area dated November 23, 2015 prepared by Windward Environmental LLC, Seattle, WA on behalf of the Cooperating Parties Group (CPG).

EPA approves the responses to comments and the revised report submitted on January 22, 2016. Please finalize the report in accordance with Section X, Paragraph 44(d) of the Agreement.

Sincerely,

A handwritten signature in black ink, appearing to read "Diane Salkie".

Diane Salkie, Remedial Project Manager
Lower Passaic River Study Area RI/FS
